The process approach is a management strategy. When managers use a process approach, it means that
they manage and control the processes that make up their organizations, the interactions between these
processes, and the inputs and outputs that tie these processes together.

In real estate appraisal, the cost approach is one of three basic valuation methods. The others are market approach, or sales comparison approach, and income approach. The fundamental premise of the cost approach is that a potential user of real estate won't, or shouldn't, pay more for a property than it would cost to build an equivalent. The cost of construction minus depreciation, plus land ...
