A Level Maths activity for Functions revision/consolidation. Paired or group activity. Fill in the gaps by finding the domain, range, or inverse of functions. Answers included (alternative answers possible). 3 files for different software....

Inverse, Composite, Domain and Range of functions. by

Section 4-3 : Inverse Laplace Transforms. Finding the Laplace transform of a function is not terribly difficult if we've got a table of transforms in front of us to use as we saw in the last section. What we would like to do now is go the other way.

Differential Equations - Inverse Laplace Transforms

A trapdoor function is a function that is easy to compute in one direction, yet difficult to compute in the opposite direction (finding its inverse) without special information, called the "trapdoor". Trapdoor functions are widely used in cryptography. In mathematical terms, if f is a trapdoor function, then there exists some secret information y , such that given $f(x)$ and y , it is easy to ...
