Theories on Motivation in Organizations and Management

The term Time Management is a misnomer. You cannot manage time; you manage the events in your life in relation to time. You may often wish for more time but you only get 24 hours, 1,440 minutes or 86,400 seconds each day. How you use that time depends on skills learned through self-analysis, planning, evaluation, and self-control.

Sue W. Chapman Michael Rupured Time Management

Nursing Leadership and Management 3 instance, it can simply refer to the process that managers follow to accomplish organizational goals. The term can be used, however, to refer to a body of knowledge. In this context, management is a cumulative body of information that furnishes insight on how to manage.
