In my role as moderator of the member forums over at the National Association of Photoshop Professionals Website, I routinely help struggling users to come to grips with the powerful, yet temperamental program we all love. Some of the most common problems are the easiest to solve, but like many technical problems, the answer often lies in knowing how to ask the question.

If you look at the source code and read between the lines in the JavaDoc, you will see that -- unfortunately -- this API is not designed to do what you want. It will return a list of files (not a list of files and directories) that match the provided arguments. In the source code -- look at the method innerListFiles-- you will see that directories are searched and not added to the result list.
