There is so much you can learn about a student's phonics skills just from looking at writing samples. One of the big "ah-ha" moments from my Phonics First training (Orton-Gillingham based program) was when the trainer said that a student has not fully mastered a phonics rule until you see him/her use it in writing.

Inquiry-based learning (also enquiry-based learning in British English) is a form of active learning that starts by posing questions, problems or scenarios"rather than simply presenting established facts or portraying a smooth path to knowledge. The process is often assisted by a facilitator. Inquirers will identify and research issues and questions to develop their knowledge or solutions.

Education in the United States is provided by public, private and home schools.. State governments set overall educational standards, often mandate standardized tests for K-12 public school systems and supervise, usually through a board of regents, state colleges, and universities. Funding comes from the state, local, and federal government. Private schools are generally free to determine ...
