No book before or since has ever had such an impact upon my imagination, declared Arthur C. Clarke of Last and First Men. This masterpiece of science fiction by British philosopher and writer Olaf Stapledon (1886-1950) is an imaginative, ambitious history of humanity's future that spans billions of years.

The First Man (French: Le Premier homme) is Albert Camus' unfinished final novel. On January 4, 1960, at the age of forty-six, Camus was killed in a car accident. The incomplete manuscript of The First Man, the autobiographical novel Camus was working on at the time of his death, was found in the mud at the accident site. Camus' daughter, Catherine Camus, later transcribed the handwritten manuscript to type press, and published the book in 1994.

The First Men are one of the three major ethnic groups from which the humans of Westeros descend, the others being the Andals and the Rhoynar. The First Men were the culture of humans who first set foot on the continent. The influence of the First Men is still felt in Westeros, most strongly in the north.

first, it is well to contemplate for a few moments the mere magnitudes of cosmical events. For, compressed  
as it must necessarily be, the narrative that I have to tell may seem to present a sequence of adventures and  
disasters crowded together, with no intervening peace. But in fact man's career has been less like a mountain  
torrent

In 1932, Stapledon followed Last and First Men with the far less acclaimed Last Men in London. Another  
Stapledon novel, Star Maker (1937), could also be considered a sequel to Last and First Men (mentioning  
briefly man's evolution on Neptune), but is even more ambitious in scope, being a history of the entire  
universe.
